63-PEINE'S ORRIS TOOTH PASTE for cleansing.

Q2-PEINE'S ORRIS TOOTH PASTE for cleansing, preserving, and beautifying the teeth, received the first premium at the recent Fair of the American Institute.

This unequalled dentifrice gives to the Teeth a clean and pearly whitness, and removes and prevents every appearance of tartar; it also improves the color of the lips and gums, prevents and heals all ulcers of the mouth, arrests the progress of decay in the teeth, and imparts a peculiar and grateful sweetness to the breath.

decay in the teeth, and imparts a peculiar and grateful sweetness to the breath.

(2) "The best article that we know offor cleansing, preserving and beautifying the teeth, is Peine's Orris Tooth Paste. It gives to them a clear and pearly whiteness, and imparts a peculiar and most grateful sweetness to the breath. We condially commend it to the attention of our readers, especially to the female portion of teem. No toilet can be complete with out it."—Lades' Mag.

The unprecedented celebrity which this most excellent article for the teeth so speedily obtained under its original name of Orris Tooth Paste, has induced several unprincipled individuals to make base counterfeit preparations, under various names, of which beware, for they may probably prove highly injurious to the teeth, and are no more to be compared with the genuine than Hyperion to a Satyr. The eriginal article has now the fac simile of the inventor and proprietor, G. W. Peine, upon the tabel, without which it is not genuine.

IF IT FAILS.—LEROY'S FRENCH SPECIFIC.—The great Specific of Doctor Jerome Leroy, of Paris, the most effectual and rapid cure ever known for a certain directs.

Those who wish to avoid quack nestrums, and cure themselves with little trouble or without liability of exposure, will find this medicine well saited to their case, as it requires no change of Dirr, and does not affect the Breath, which prevents the possibility of discovery while using it.

Besides this important advantages, it never leaves the parts subject to the troublesome weakness that occurs so often after the use of other medicine, and if taken in the first stage of the disease, it will arrest the disekarge, and remove all unpleasant feelings in a few days. In long, protracted or chronic stages of the disease, in obstinate gleets, female complaints, or a weakness of these organs, it is without doubt the most effectual remedy ever discovered, and has cured many obstinate cases after every other medicine had failed. A case of this kind, of more than a year's standing, was recently cured in two weeks by this specific, after upwards of a hundred dollars had been spent for Medical advice and Medicines, without effect. In fact, it as been used with such success in all stages of the disease, that we challenge any case to be produced that it will not cure, under a forfeit of \$500.

Each bottle has a full description of the diseases, and all the necessary directions for both sexes, in the English and French languages.—Faice \$1 a Bottle, (large Bottles of double size, §3180.)

QUSPENSION OF SPECIE FAYMENTS—The crisis has now arrived to test the merits of the cash system, for however flattering the credit system may appear on paper; its effects upon individuals often prove ruinous in the extreme. In London and Faris, the consumers have set their face against it and consequently, a number of establishments have sprung up of fate years that do a cash business only. This has been termed by some the European system, and has but recently been introduced into New York.

FHILLIPS, of 106 William street, does not claim for kimself the honor of its introduction, but he does believe that he carries it out to a preater extent than any of his rivais. For instance, they content themselves with purchasing for cash of the jobbers, now he remits funds to Europe, to buy of the manufacturers direct, thereby avoiding all those accumulated profits which enhance the value of articles before they reach the customer. The extensive patronage he has been konored with, must be a sufficient voucher of public opa, on, as to the way he carries out his assertion of product affect a fairst rate garment, cut in a superior style and made by at but the most faished workmen. He effects a saving of 30 per cent on the prices charged by kouses won profess to furnish the best goods, and he does this notwithstanding the superiority of his style and elegance of his garments. Phillips will also warrant his coats to be equal to any mode in Broadway, and he considers them the fairest tandard by which a comparision can be instituted.

Mrs. B. has felt herself warranted is undertaking the very responsible office of a Female Physician, from long experience and practice in the most cel brated hospitals of Feurope, from the instruction and advice of eminent medical gentlemen, and from a scentific knowledge of the beau dul structure of the buman frame, an ignorance of which must render the unblushing pretensions and does jing panascas of mercenary adventurers totally useless, if not highly injurious. Single and married ladies may rely with confidence on her skill and meternal solicitude as a Female Physician. However distressing may be their complaints, her medical acquirements will be found adequate to the Ladies on the successful results of a thorough medical education, and a just reliance on "the appointed means" of imparting health, vigor, and consequently happiness, to all those who may honor her with their confidence.

FEMALE CONSTITUTION.

It invariably removes obstructions, regulates, in most cases, painful, too frequent or profuse menstruation, and has cured the most obstinate cases of Fluor Albus.

Dr. J. Morrison, who has practised medicine some twenty years in Oneida, N. Y., says ofti, "That it is the best medicine now in use. In case of retention or suppression of the menses, I think it will sustain the appellation of Specific. I have tried it in the most cases with admirable success; and I wish for the take of suffering Females, that all Physicians would introduce it into their practice, as I have found the Pills fully to answer their recommendation."

J. B. IRWIN & Co., Members of the Royal College of diseases in all their various stage, at their office, 2044 Fulton street, where, from the commodious arrangement of their reom persons laboring under delicate complaints can be treated with secrecy and safety.

J. B. Irwin & Co. pledge themselves that in all cases of the most violent venereal, which have hitherto fallen under their uotice, their treatment without mercury has been most successful and speedy. They need not by certificates, direct the public attention to their superior practice in those diseases, as their reputation in this city is well known and respected by all who had occasion to confide in their honor. It is strongly recommended to females who are in the habit of using their Deobstruent Pills, that no more than two should be taken on any occasion, as more might produce effects which those who would be mothers are desirens to avoid. A preventative can be had—recent cases cured in two days. These who have injured themselves by a secret and destructive habit, can obtain relief. Solvent security is all that will be required until a care shall be effected. Letters, post paid, detailing the nature of the complaint, and covering a suitable fee, will be immediately attended to, and medienes, with full directions, forwarded to the parties.

the miserable druggists? who shall prevent the scorn of the world from making you despised and rejected of your fellow mea?

It is deeply to be lamented, for the sake of public morals, that justice and mercy to those who might be deceived compels me to publish the following:

A SELLER OF COUNTERFFITS.

Poslac Wyssino.—The Druggist who keeps a Store at the CORNER OF HOUSTON STREET AND THE BOWERF, west side of the Bowery and north side of Houston street, sells a counterfeit of my fills.

It is endeavored by using Show Bills very similar to mime to deceive the unwary portion of the public into the belief that it is my tore, and thus take the hard earnings of the paor for that which is more likely to injure than benefit, for if the Counterfeit that is sold at the above store is indeed a good modicine, wy should at require my mane to make it sell?—The conclusion is that it is made to injure. Why made to injure? some one asks. To destroy the high character of the geautien medicine. This Druggist is very careful that his infamy should be well observed, for he exhi its no less than three signs that he has Brancreth's Pills for sale—all which are only three statemen's that he considers honor and honesty perfectly meless. But I can tell him that the moral guilt of a seller of Counterfeit Medicine is greater than that of a passer of counterfeit Medicine is greater than that of a passer of counterfeit Medicine is greater than that of a passer of counterfeit Medicine is greater than that of a passer of counterfeit Medicine is greater than that of a passer of counterfeit Medicine is greater than that of a passer of counterfeit Medicine is greater than that of a passer of counterfeit Medicine is greater than that of a passer of counterfeit Medicine is greater than that of a passer of counterfeit Medicine is greater than that of a passer of counterfeit Medicine is greater than that of a passer of counterfeit Medicine is greater than that of a passer of counterfeit Medicine is greater than the object of the world of the two. D.R. LE SAGE'S SYECIFIC FOR SECRET MALADELS.—The show remedy, for the most distressing disease incident to the human rase, originated from the enlightened mind of the eminent Le Sage, the promulgation and success of which, throughout the kingdom of France and Italy, h s added honor to the highly honored hame of the inventor. The safferer is restored to his usual health, without delay or inconvenience. The secret has hitherto been confuced to France and Italy. It has recently been introduced, by way of New Orleans, to the American public.

It is particularly recommended to sea fairing men, as containing no portion of Mercury, whereby so many have been disabled from service. The Evadicator is found to give immediate relief to those afflicted with strictures and diseases of the prostrate gland.
